The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The college is striving hard to sensitize the students about the various Student support Services available with and provided by the college. The college NSS and NCC wings are monitored by the authorised teacher of the college and they are also involved in organising activities and programmes through these wings. Activities that bring about awareness in both the students and the surrounding community is conducted.

5.2 Efforts made by the institution for tracking the progression

The Annual Examination system has been the time-honoured progression-tracking system. Also, the Quarterly Efficiency Test helps monitor the progress of the students preparing for the Final exams. The Student Feedback taken at the end of three-year session is collated by the IQAC. The Teachers' Council is also apprised of the outcomes and threadbare discussions are made before placing the final report to the Governing Body. This apart, matters of significant academic and non-academic import are taken up for discussion in its meetings. The IQAC has helped considerably in the overall monitoring and evaluation of the Teaching & Learning process. It supervises the entire examination system (University Exams, Annual test exams, etc.). The IQAC oversees the requirements of different departments. The IQAC prepares the Academic Calendar of the College. It also is the driving force behind the preparation of routines and its implementation. As of now there is no formal mechanism to track the student progression. However the faculties of respective departments do know details about student progression of some of the alumni.

6.2 Does the Institution has a management Information System

In the true sense of the term, the institution does not have any Management Information System. But practically speaking, without it the present administration system cannot run. Nearly everything is done through MIS, only the nomenclature remains to be given and the whole thing are set in a pattern.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The university to which it is affiliated guides the courses and curricula of the college. However, the teachers prepare teaching plans and modules to make the syllabus friendlier for students.

6.3.2 Teaching and Learning

The teaching and learning system in the college is mainly traditional. The teachers, in their turn, divide the whole syllabus into modules, teach accordingly and assess their performance at the end of every quarter. Moreover tutorial/seminar classes are arranged as per schedule where the main thrust is on the students who are encouraged to take mock classes with the fellow students and department teachers as audience.

6.3.3 Examination and Evaluation

The university to which the college is affiliated guides the examination system of the college. However, The progress of the students of BA, B.Com. and BSc Honours are periodically evaluated through Quarterly Efficiency Test. But no such periodical evaluation could be introduced for the students of General Courses due to significant increase in their number.

6.3.4 Research and Development

The teachers/faculty members are actively engaged in various research works/ projects (PhD, Minor research projects, under different universities and UGC). However, the students do not have the facility to engage themselves in research activities.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The Central Library has been fully automated, and is functioning well with Libsys Software system. Tribal:

EXPLANATION: Lion's shares of our students come from rural and tribal background. To be precise, most of the students are first generation learners. From this point of view the College is rural and tribal. Administrative location of the College is Urban as it falls under the jurisdiction of the Gangarampur Municipality. If the history of the formation of our College is considered we it will be found that we started off as a Rural College in 1981. Gangarampur Municipality was not formed then. In fact, the erstwhile West Dinajpur was bifurcated into Uttar Dinajpur and Dakshin Dinajpur more than a decade after our creation.

Thus, we take immense pride in the fact that we cater to a basically rural and tribal clientele. Pulling them through the triple challenges of economic, geographic, and social limitations instils a special feeling of camaraderie, oneness, and inclusiveness in us. We wish to highlight our heterogeneous presence through considering ourselves an Urban, Rural, and Tribal College
